

SPE SU SC 2024 Recruiting Campaign

Web Development Task Package

If you are reading this document, congratulations! You are on the right track to be one of SPE Suez prestigious members!

You are now required to implement **one of the two tasks** mentioned below.

Please read the tasks description carefully before implementing them. If you have any inquiries or questions about any task, you can contact the head of committee on the contact information mentioned at the end of this document.

Please, after you finish the two tasks, enclose them in a single file with your name and committee on it. For example: **Mohamed Ahmed Ali - HRM**.

Send your file to spesusc.hrm2024@gmail.com **before** the deadline mentioned in the email you have received.

Good Luck.

**Suez University
Student Chapter**

Do One Task from the following, Based on your specialization.

Front end task:

create form has inputs (name, email, mobile number, text-area for message) with attractive design in one page. **with following features:**

- **background image for the page.**
- **the form should be in the center of the page.**
- **use hover effects. (optional)**

Hint: - Use Google and w3schools website -

-You can watch this playlist for help:
